Skills

- Html5, CSS
- JQuery, JavaScript, AJAX
- PHP, OOP
- Laravel, Codeigniter frameworks
- MySQL, MS SQL Server
- ES6
- Vue.js framework
- Linux OS
- Visual basic.net and c#.net.
- Photoshop

Education

A bachelor of electronics technology from the Faculty of Industrial Education, Helwan University with grade very good

Language

- Arabic : Native
- English : Good

Personal Info.

Married, 34 years old.

28603220103198, Exempted

Training Projects

- 1- School Website using php & mysql - framework codeigniter
- 2- Blog using php & mysql - framework laravel 5.8
- 3- Blog using php, mysql, ajax - framework laravel 5.8
- 4- Ecommerce multi language using php, mysql - framework laravel 6
- 5- Blog using laravel 5.8 and vue.js
- 6- Questions & Answers [linke stack over flow] laravel 6

Training

- Training at “Technical Institute For Developed Industries” in Mechatronics course (From 4 / 1 / 2009 till 26 / 3 / 2009) in:Hydraulic system - Pneumatic system - sensor - Programmable Logic Control (PLC).
- Course computer networks at Computek Center from 5/7/2009 till 7/8/2009 in:Int. of Network - Network Topologies & Protocol - Network Infrastructure Layers - Network Security - Network Troubleshooting - Win 2003 Server Administrator - Win XP Workstation - Internet Sharing.
- Training at AGC academy From 1/11/2012 till 30/6/2015) in Programming Concepts - Windows Development & Database - SQL Server for Developer - Visual Studio.Net Windows Forms - Visual Studio.Net Controls - SQL Server with Visual Basic.Net - Net frame work 4.5 - C#.Net framework 4.5 – C#.Controls - ADO.Net C#.Net and VB.Net.
- PHP diploma at “Open Vision” training center from 1/6/2015 till 30/9/2015 in:HTML5 and CSS - Database design and Modeling Like ERD and Mapping - Structured Query Language (SQL) Core and Advanced - Object Oriented Programming and Design Pattern - Create Standard Modules And Libraries Using OOP and Design Patterns - Introduction to Web Services and REST API/Web services - AJAX – JSON – XML - XHR request - Building and Architecting web applications using MVC Frameworks (CodeIgniter and Laravel)- PHP Security

Offline Courses

Elzero web school [Youtube Channel]

Html - Html5 – Css – Javascript – jQuery – PHP - Secure PHP Web Application - OOP Object Oriented Programming - MySql5 Essential Training - Git and Github - ECMAScript 6 - Vue.js

Php Anonymous [Youtube Channel] : Laravel 5.5 - Ecommerce Practical Course

Professional Code [Youtube Channel] : Laravel 6

5dmat-web [Youtube Channel]

HMVC Pattern on Laravel 5.8 - Eloquent Relationship in laravel - Laravel 5.4 mastering in collection Restfull api - Laravel Notification

Eng.Abdelrahman Eid [Youtube Channel] : Laravel roles and permissions

Khalid Elshafie [Youtube Channel] : Blog with laravel 5.5 - Laravel Cloud Deployment

Bitfumes [Youtube Channel] : Laravel Backup by Spatie - Laravel Activity Log By Spatie

4ArabDevelopers [Youtube Channel] : Blog laravel + Vue.js

Motawren Tech [Youtube Channel] : Blog with Laravel using Ajax

Abdulaziz Alzaabi [Youtube Channel] : Shopping Cart Using Laravel 6 and Strip Payment

Weblesson [Youtube Channel] : Codeigniter

Instructor : Eding Muhamad Saprudin - Software developer & Online instructor [Udemy Courses] : Fullstack Web Development With Laravel and Vue.js
